Innovative Tech Company Puts Hawaiian Twist on Outsourcing

Fremont, California -- (Sept 30th, 2011, 1200 PDT) Today, Kompsoft - a managed services provider including business analytics & performance optimization services - announced the opening of their Hawaiian - Technology Support Office (TSO).

The **TSO** will spearhead Kompsoft's innovative approach to managed professional services using Hawaii's homegrown talent to support Kompsoft's growing managed services business stateside, as well as in Hawaii.

Additionally, the **TSO** will act as a recruitment and staff augmentation center actively working to employ local residents on Kompsoft projects in support of their clients in Healthcare, Manufacturing and Education.

Kompsoft's efforts align well with Hawaii's own state agency established to support technology investment - **High Technology Development Corporation**. Established in 1983 by the Hawaii State Legislature, the agency facilitates the development and growth of Hawaii's commercial high technology industry. The State views high technology as an important driver in the diversification of Hawaii's economy and one that provides quality, high-paying jobs for Hawaii residents.

Kompsoft delivers a significant ROI on common IT business services by using both local and remote infrastructure, process and professionals to deliver high-quality, cost effective services.

- Remote Database Administration
- Performance Tuning
- Healthcare Business Process
- Development and Quality Assurance

Darrel Vaughn, Kompsoft's Vice President for Client Solutions stated " *We are very pleased to open our first office in the beautiful state of Hawaii. We believe our experience, capabilities and innovative support model – will reduce risk and allow for the high availability of systems, projects and processes for our clients*"
